

# REGIONAL DEVELOPMENT AND PROTECTION PROGRAMME

## FOR NORTH AFRICA (phase VI)

### MAURITANIA - KEY RESULTS UP TO MARCH 2024

Till March 2024 5,862 new individuals were registered (new and continuous registrations) by UNHCR. Among them 714 children were registered and provided with documentation. 2,810 RSD individual decisions were adjudicated, and 120 government officials were trained

714 children assisted

2,810 RSD decisions

5,862 new and continuous registrations

120 national key actors trained on international protection standards

Several preparatory meetings with the key national partners, such as the MASEF and the Direction of the Centres for the Protection and Social Inclusion of the Child (CPISE in French) were organized by IOM. The dissemination of the National Referral Mechanism (NRM) and the creation of the Counter Trafficking (CT) units at the CPISE centres were discussed. Since the start of project, 2 local NGOs that will collaborate closely with the CPISE and the Direction of Childhood to consolidate the foster families' system established in 2022 were selected. A photo contest and an event under the topic of gender-based violence and working conditions of women working as house assistants were also organized.

6 validated foster families receiving socio-economic support

14 children receiving alternative care

23 families undergoing review for validation
